## WHAT IS THIS PRODUCT?

### Type

This is an investment Fund established as a Company With Variable Capital (SICAV).

### Objectives

**Investment objective** The Sub-Fund's objective is to achieve capital growth over the long term by investing in shares of global companies.

**Investment policies** The Sub-Fund seeks to achieve the Investment Objective by investing in a concentrated selection of shares in leading global companies with enduring competitive advantages and a long runway of growth.

The Sub-Fund will invest in companies which have a sustainable competitive advantage, they must operate in a sustainable way with prices that allow for the prospect of significant capital growth over 5-10 years or more.

The Investment Manager's research process for every company integrates a traditional financial analysis with a separate environmental, social and governance framework (the "ESG Framework").

The intention of the Investment Manager is to remain substantially invested in the Investment Strategy, subject to holding some liquid assets which may be provided through investor subscriptions or when a position has been sold and a new position is yet to be acquired or may be required for investor redemptions, to pay expenses and to deal with differences in settlement periods. Such liquid assets will be held in cash, cash equivalent investments and in government and investment grade corporate bonds. The Sub-Fund will not take short positions, will not use leverage for the purpose of investing and will not hedge markets.

The companies will be predominately based and listed in developed markets. However, the Sub-Fund may invest in shares of companies based and listed in emerging markets that meet the principles of quality and value in the Investment Strategy. These investments will not exceed 15% of the assets of the Sub-Fund.

The Investment Manager seeks to promote environmental and social characteristics within the meaning of Article 8 SFDR.

**Benchmark uses** The sub-fund is managed actively with no reference to any benchmark.

**Redemption and Dealing** Shares of the Fund may be redeemed on demand, with dealing normally on a daily basis.

**Distribution Policy** This Share Class does not pay dividends. Any income which may result from the Fund's investments, will be reinvested into the Fund.

**Launch date** The Sub-Fund was launched on 08/04/2019. This share class was launched on 11/07/2019.

**Sub-Fund Currency** The reference currency of the Sub-Fund and the share class is USD.

**Switching** Shareholders have the right to switch all or part of their Shares in any sub-fund or Class of a sub-fund into Shares of another existing sub-fund or Class according to the limits set out in the prospectus.

**Asset Segregation** The assets and the liabilities of each Sub-Fund are segregated by law.

## WHAT ARE THE RISKS AND WHAT COULD I GET IN RETURN?

### Risk Indicator

The summary risk indicator is a guide to the level of risk of this product compared to other products. It shows how likely it is that the product will lose money because of movements in the markets or because we are not able to pay you.

We have classified this product as 4 out of 7, which is a medium risk class.

This rates the potential losses from future performance at a medium level, and poor market conditions could impact the capacity of the Sub-Fund to pay you.

**Be aware of currency risk.** You will receive payments in a different currency, so the final return you will get depend on the exchange rate between the two currencies. This risk is not considered in the indicator shown above.

Beside the risks included in the risk indicator, other risks may affect the Sub-Fund performance. Please refer to the Fund prospectus, available free of charge at <https://funds.waystone.com/public>.

### Performance scenarios

The figures shown include all the costs of the product itself, but may not include all the costs that you pay to your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

**What you will get from this product depends on future market performance. Market developments in the future are uncertain and cannot be accurately predicted.**

**The unfavourable, moderate, and favourable scenarios shown are illustrations using the worst, average, and best performance of the product over the last 10 years. Markets could develop very differently in the future.**

The stress scenario shows what you might get back in extreme market circumstances.

**Unfavourable:** this type of scenario occurred for an investment between 28 June 2024 and 31 July 2025.

**Moderate:** this type of scenario occurred for an investment between 30 June 2020 and 30 June 2025.

## WHAT HAPPENS IF WAYSTONE MANAGEMENT COMPANY (LUX) S.A. IS UNABLE TO PAY OUT?

The Management Company of the Fund has no obligation to pay out since the Fund design does not contemplate any such payment being made. You are not covered by any national compensation scheme. To protect you, the assets are held with a separate company, a depositary. Should the Fund default, the depositary would liquidate the investments and distribute the proceeds to the investors. In the worst case, however, you could lose your entire investment.

## WHAT ARE THE COSTS?

The person advising on or selling you this product may charge you other costs. If so, this person will provide you with information about these costs and how they affect your investment.

### Costs over time

The tables show the amounts that are taken from your investment to cover different types of costs. These amounts depend on how much you invest, how long you hold the product. The amounts shown here are illustrations based on an example investment amount and different possible investment periods.

We have assumed:

- in the first year you would get back the amount that you invested (0% annual return). For the other holding periods we have assumed the product performs as shown in the moderate scenario,
- 10,000 USD is invested.

	If you exit after 1 year	If you exit after 5 years
<b>Total Costs</b>	<b>149 USD</b>	<b>987 USD</b>
<b>Annual cost impact*</b>	<b>1.5%</b>	<b>1.7%</b>

(\*) This illustrates how costs reduce your return each year over the holding period. For example it shows that if you exit at the recommended holding period your average return per year is projected to be 12.8% before costs and 11.1% after costs.
